

PUBLIC PARTICIPATION PROCESS 2004

| STAKEHOLDER | ISSUE | OBJECTIVE |
|---------------------------------------|--|----------------|
| SERVICE PROVIDERS | Stellenbosch municipality has completed their ward committee meetings last week. Suggested that contact persons for all of the service providers be supplied so that community needs can be relayed to them directly. | 6 |
| | District Municipality must ask the service providers to submit their projects and programmes in writing for the next meeting. (Stellenbosch) | IDP |
| | Concurs with having a next meeting and requests that the municipalities also supply the service providers with their projects they are planning, including budgets. The meeting should also include selected business in this process to fast track the implementation of the IDP's.(TELKOM) | IDP |
| | Roadshow in terms of new Act, will be in Cape Winelands on 6 October 2004, urges other municipalities to attend the meeting. (MINERAL & ENERGY) | IDP |
| BREED RIVER WINELANDS BUSINESS | Community wants to learn how to write business plans, want mentoring, etc. | LED |
| | Registration of business because most of them are not registered. | FINANCE |
| | Also wants to know who to contact for skills development and their contact details. | HR |
| | Housing in Bonnievale area, especially the bad quality of RDP Houses and streets. | LAND & HOUSING |
| | On farms it is even worse. Is there a system whereby farm owners can apply for funds to improve housing for their employees? | ENVIR. HEALTH |
| | Community have a problem of a venue where we can work as a community. We cannot do business plans because the municipality wants all that things.(Multipurpose Centre) | Com. Dev. |
| | We want equipment such as machines, materials, beads, etc. to work with the community. | LED |
| | We are seasonal workers for two to three months so we want to do something the rest of the year to support our families. | LED |
| | The Breede River Winelands Municipality must build a pound for large and small animals. | ADMIN |
| | | |

PUBLIC PARTICIPATION PROCESS 2004

| STAKEHOLDER | ISSUE | OBJECTIVE |
|--|---|---------------------------|
| B/R/WINELANDS BUS. | Our complaint is about how our funds have been used, because we had been subsidized by Land Affairs with three million rands of which we purchased a farm of R 78 000-00 and the rest of the money were used to pay the consultant. For three years there was no audited statements. (Ashton Small Scale Farmers) | LAND & HOUSING |
| BREEDE RIVER WINELANDS COMMUNITY | People of McGregor are not involved in projects implemented in town. | 2 |
| | Labour related issues on farms - Incorrect holiday pay, sick pay incorrect, absence of blue card, poor housing. (Bonnievale) | 3 |
| | Transport of learners of McGregor a problem | 3 |
| | Clinic hours (McGregor) | 3 |
| | Councillor never has meetings (McGregor) | 3 |
| | No play park for children, sports grounds, pools of water, public toilets. (McGregor) | 2 |
| | Housing need in McGregor. | 2 |
| | HIV positive people rape our children and if we lodge complaints at the police station, the police say the person is ill and cannot be taken into custody. (Zolani) | 4 |
| | No playing field at Zolani District must build / assist us with sport complex for the whole Ashton area. | 2 |
| | We get free electricity and when we go buy electricity again the free electricity is being deducted again. Sometimes it is your last money | 3 |
| | Refusal of farmer to sign blue card so that worker can access UIF of deceased husband (CFG Dunn, Dikkop, Swellendam) | 3 |
| | Nkqubela clinic open the whole week and not for three days only. | 3 |
| | Many matriculants don't have experience and licences (need a computer centre in Nkqubela) | 1 |
| | UITSIG HOUSES – INCORPORATION OF SERVICES TO LOCAL MUNICIPALITY AND UPGRADING OF SEWERAGE SYSTEMS (BONNIEVALE) | 2 |
| | School in Happy Valley is too small to accommodate the 1300 learners it currently has. | 2 |
| No school hall, no sports facilities. (Bonnievale) | 2 | |
| Community hall is hired out to senior citizens, training projects and the primary school at high costs. (Bonnievale) | 2 | |

PUBLIC PARTICIPATION PROCESS 2004

| STAKEHOLDER | ISSUE | OBJECTIVE |
|--|--|-----------|
| BREEDER RIVER WINELANDS COMMUNITY | Staff was decreased at the clinics, must be closed twice week, Children get sick and parents cannot even get ambulance services. (Bonnievale) | 1 |
| | RDP Houses in Nkqubela are leaking and have cracks – municipality did not take care of it. | 2 |
| | Masimanyane African Design Women's Group are women who are doing any hand work like traditional attire, birthday/ birthday valentines card, etc. look for marketing place and help in training. (Nkqubela) | 1 |
| | Building – We also need to renovate our old building for sewing machines. (Nkqubela) | 1 |
| | Bonnievale - French drains are emptied irregularly - overloading - 3 month intervals. Monthly levy of R 68, services are not rendered. | 2 |
| | McGregor - Clarity on ownership of Byekorff Crèche. | 3 |
| | Zolani - Expensiveness of land for livestock. | 6 |
| | Montagu - TB - problem with grants | 3 |
| | Kogmanskloof housing problem. | 2 |
| | Speed bumps at Gesinsentrum & Byekorff Crèche - McGregor. | 2 |
| | McGregor - Problem with allocation of projects, Have to pay for transport for children from farm to school, tenders awarded to external service providers when local providers are available. | 2 |
| | Need for a 24 hour health service centre in Ashton. | 3 |
| | McGregor - Free basic services, transport of school children, need for school, no community meetings, high level of poverty, no land for housing. | 2 |
| | Seasonal unemployment. | |
| | The termination of essential services by local municipality poses a social and health risk to communities. | 3 |
| | Water van removed from McGregor - must be return and give training to community on fire fighting issues. | 4 |
| | The IDP Forum in Montagu was requested to present projects for the R 50 000 that was allocated to each ward for projects - The R 50 000 was spend for E-TV, which was very disappointing. | 6 |
| Where is the Breederiver Winelands Management and members of the Mayoral Committee since the Community has problems with service delivery of the local municipality. | 6 | |

PUBLIC PARTICIPATION PROCESS 2004

| STAKEHOLDER | ISSUE | OBJECTIVE |
|----------------------------------|--|-----------|
| BREEDE RIVER WINELANDS COMMUNITY | A donation from Engen (R10 000-00 for NGO's) in Montagu was given to the Friends of the Hospital without having consulted on the matter. The IDP Forum wants to use the money for the people but instead it is being used for something else. | 3 |
| | There is concern that the region can become a violent region – people are being jailed without the proper procedures and are being proven innocent at a later stage. Assistance is requested to prevent the creation of dangerous people in our community. | 4 |
| | The issue of the one doctor in Bonnievale has not been addressed yet and it still affects the community. | 3 |
| | The issue of the ambulance was raised last year and nothing has been done about it since. | 3 |
| | The Breederiver Winelands Municipal Council advertises posts and when inquiries are made community members find out that posts have been filled after being told that the posts have not been filled at a previous occasion. | 6 |
| | It is suggested that a Community Newsletter be sent from the District Municipality | 6 |
| | The Department of Social Services only accommodates a limited number of applicants per day for Government grants and have to travel, at high expenses, to Robertson and Montagu (when they go there they are turned away). | 3 |
| | The BRAMM Care Centre has been expanded but there are still no emergency services. (Ashton) | 3 |
| | The community does not get any feedback from the local government | 6 |
| | The Clinic in Zolani closes every Friday without having consulted on the matter (only means of health services as there is no day hospital, no doctors and hospital is far). Cleaners only come twice a week to clean up. | 3 |
| | A farmer, Mr. Francois Claasen, owns houses in Happy Valley for which he has installed water meters. Five families had their water and electricity cut because the husbands do not work for the farmer. The municipality told these families that they would have to pay R 700-00 to get a water meter on their erven. | 2 |
| | | |
| | | |

PUBLIC PARTICIPATION PROCESS 2004

| STAKEHOLDER | ISSUE | OBJECTIVE |
|---|---|-----------|
| BREEDE RIVER WINELANDS COMMUNITIES | There are still cases where families drink directly from the dams and have no ablution facilities at all (Gelukshoop). The farmer allegedly boasted that he used the subsidy for sanitation facilities on the farm to build a milk stall. | 3 |
| | The Boland District Municipality is asked to ascertain for themselves if the subsidized money is being used for the purpose it has been allocated for. | 3 |
| | Job opportunities are very limited at the local municipality and the requirements, especially the driver's license, are too high for Black people in particular as they do not have access to opportunities to obtain these skills. | 1 |
| | Health infrastructure is poor and limited (sanitation facilities) | 3 |
| | Seasonal employment . | 1 |
| | Applications for social grants (some are successful and others are not and it is not clear why).(Bonnievale) | 3 |
| | People cannot pay their accounts, but receive high municipal accounts. | 6 |
| | There are serious drainage problems in Zolani as every 2 to 3 weeks time blockages cause serious health problems. | 2 |
| | Appeals to the Boland District Municipality to intervene at the local municipality, particularly with the Municipal Manager's management style as it seems that the Municipal Manager does not have an interest with gender balancing. | 6 |
| | There is one Sportsfield at Zolani for the school, but there is no support from the municipality for others who are not in school. | 2 |
| | There is a need for a multi-purpose centre where in Zolani where people can get training (e.g. computer training) as people must drive to Worcester for such facilities. | 2 |
| | Requests storage dams and reservoirs as water coming from rainfall in the mountains is wasted.(McGregor) | 2 |
| | A community hall is needed in McGregor. | 2 |
| | An ambulance is needed for emergency services. | 3 |
| Land reform needs attention as it is an alternative measure for poverty reduction, but power politics in town hamper this process | 3 | |

PUBLIC PARTICIPATION PROCESS 2004

| STAKEHOLDER | ISSUE | OBJECTIVE |
|---|---|-----------|
| BREEDE RIVER WINELANDS COMMUNITIES | Inaccessible roads in Bonnievale, especially in Mandelapark. | 2 |
| | Squatters camp at the dumping site has no sanitation, electricity and pig sty's are close by all of which pose a health risk. | 2 |
| | Parents arranged for transport to the surrounding farms to schools as the schools in town are overpopulated already and now appeal for a subsidy for people who cannot afford the fees. | 6 |
| | Glad that budget makes provision for disabled, can the elderly, however, also be taken into consideration for the future budget? | 3 |
| | Congratulations to Boland District Municipality for their public participation process. | 6 |
| | Why are water services cut when the government provides free basic services? | 3 |
| | The Executive Mayor of the Boland District Municipality committed R 8 million to the Breederiver/Winelands region and R 2 million specifically to Bonnievale at the Imbizo last year. Wants feedback on the matter: what has happened to these funds? | 6 |
| | House owners have never received their deeds of transport and the local municipality says that they must repair their own homes.(b/vale) | 2 |
| | Other municipalities have Youth Desks and their issues are taken seriously (Can the Boland District Municipality provide support in this regard?) McGregor | 6 |
| | Municipality is currently doing paving in Montagu. Can the Unemployed not be given jobs? | |
| | Health situation is deteriorating as people are sick of TB and unable to work. Montagu | 3 |
| | Clinic now requires that community members make appointments and the question is: when are people going to receive their medication when they have to make appointments all the time? Montagu | 3 |
| | The Ward Councillor is not visible and has no meetings with community. Montagu | 6 |
| | Children are disadvantaged in comparison with other communities with more facilities. Montagu | 3 |
| | The DA Councillor never liaise with the community and it is difficult to have a meeting. Ashton | 6 |
| | | |

PUBLIC PARTICIPATION PROCESS 2004

| STAKEHOLDER | ISSUE | OBJECTIVE |
|---------------------------|--|-----------|
| BREDE RIVER WINELANDS COM | The Olien Street houses would have been demolished on 1 July 2004, but there are still issues dragging. Ashton | 2 |
| | Sports Stadium with a pavilion is needed. This request was repeatedly communicated to the local municipality. Ashton | 2 |
| | Some of the factories have Stop order arrangements with seasonal workers, but immediately after workers have stopped working they discover that there has been no progress made in respect of payment of services. | 1 |
| | There is an overcrowding of cemeteries. | 3 |
| | Cutting of electricity because of lack of payment causes a problem. | 2 |
| | Requests that public toilets be erected in the main town and that the streets in Zolani be upgraded. | 2 |
| | The employment in local authority does not consider the local people and employ people from other areas while there are people with the skills and capacity and also still continue employing white people. | 6 |
| | High levels of racism in the municipality. | 6 |
| | | |
| | | |
| PROJECT CONSOLIDATE | Housing De Doorns | 2 |
| | Construction of Obiqua Road Tulbagh | 2 |
| | Upgrade of sewer treatment works - Tulbagh | 2 |
| | Upgrade of sewer treatment works - Wolseley | 2 |
| | Construction of Chris Hani Road - Tulbagh | 2 |
| CABINET IMBIZO | Housing problems in Drakenstein | 2 |
| | Free electricity and water not provided in Drakenstein | 2 |
| | Unemployed are not part of indigence policy of Stellenbosch and arrangement to down pay arrears are not instituted instead people are sent to private lawyers | 2 |
| | Unplastered houses in Chris Hani square in Paarl | 2 |
| | Support for black empowerment initiatives is not provided by Stellenbosch municipality. | 2 |
| | Disable people are not receiving attention in housing projects | 2 |
| | Transport for disable people Old age centre for Kayamandi community | 4 |
| | Social services offices for Stellenbosch | 3 |
| | Criteria for housing allocation | 2 |
| | | |
| | | |

PUBLIC PARTICIPATION PROCESS 2004

| STAKEHOLDER | ISSUE | OBJECTIVE |
|--|---|-----------|
| CABINET IMBIZO | Crime is too high | 4 |
| | Unemployed youth with no technical support provided | 1 |
| | No youth desk in hundred days according to the premier's office | 6 |
| | Lack of ambulance services on farms | 3 |
| | Arrears should be scrapped | 6 |
| | Paying of title deeds to lawyers instead of municipal offices in Stellenbosch | 2 |
| | Corruption in housing should be stopped. | 2 |
| WITZENBERG BUSINESS | The Eben Dönges Hospital construction project trained many people and lose them because of AIDS (which is currently taking its toll especially in the construction and mining industries). | 1 |
| | Cautions that the impact of AIDS should not be underestimated. | 3 |
| | N'duli crèche – could the municipality not have a greater responsibility towards these children and prepare them for life (especially in light of the AIDS pandemic). | 3 |
| | <i>Proposal:</i> Transport of tourists to the Witzenberg (business can communicate with the airport to establish contact in respect of possible transport of tourists). | 1 |
| | The area suffers from Seasonal Unemployment but tenders are still awarded to contractors from outside of the geographical area | 1 |
| | Immigration plays an important role – people come from the Eastern Cape and are used as contract workers on the farm, when the season is over they are removed from farms and then they squat in the community. | 3 |
| | There are big gaps between Black and Coloured people – how will we address that? | 6 |
| | Government gives land to the people but they should be trained before they are given the subsidies. | 6 |
| | Witzenberg is a beautiful area for tourists, but the smaller businesses do not have funds to advertise broadly to make the necessary impact. | 1 |
| | We need the assistance of the local municipality. | 6 |
| Tourists regard the area as 'off the beaten track'. Many attempts have been made, together with the local municipality, to rejuvenate the Nature Reserve in Ceres, but it has become unsafe. | 1 | |

PUBLIC PARTICIPATION PROCESS 2004

PUBLIC PARTICIPATION PROCESS 2004

| STAKEHOLDER | ISSUE | OBJECTIVE |
|--|--|-----------|
| WITZENBERG COMMUNITIES | Provision should be made for Xhosa speaking children at the local primary school | 6 |
| | Appointment of Community Development Workers | 3 |
| | Lighting of high risk crime areas – floodlights | 2 |
| | Upgrading of existing play parks and extra play park for Phases 3 and 4 | 2 |
| | Library facility for Hamlet | 6 |
| | Bus shelters for learners (primary and high school learners) | 2 |
| | Job Creation Projects due to the high unemployment figures | 1 |
| | Seasonal unemployment and poverty | 1 |
| | Unmarried Youth should also be considered with housing projects | 2 |
| | Land Reform – address poverty and unemployment through the provision of agricultural land in a progressive manner | 2 |
| | Do not give RDP houses but enough land, e.g. hectare for house and self-sustainability, surplus vegetables and fruit can be sold on the local market | 2 |
| | Can the Cape Winelands District Municipality please approach the agricultural societies – factories, etc. | 1 |
| | Thank you to the Cape Winelands District Municipality for financial aid and fire extinguishers | 4 |
| | WARD 3 | |
| STELLENBOSCH COMMUNITIES | There are serious housing shortages (who is the sphere of government responsible for housing?) | 2 |
| | Tourism – An appeal is made to the Stellenbosch Municipality to establish a local tourism unit. | 1 |
| | The Cape Winelands District Municipality has to be applauded for the progress they have made in terms of tourism | 1 |
| | Public Safety – Improved Lighting in Kayamandi that to ensure the safety of people. | 4 |
| | WARD 5 | |
| | The Environment has to be represented in the structure to be set up by the local municipality | 5 |
| | How is environmental issues addressed and where? | 5 |
| Environmental issues are important and funding should be committed for that. | 5 | |
| | | |

PUBLIC PARTICIPATION PROCESS 2004

| STAKEHOLDER | ISSUE | OBJECTIVE |
|-------------------------------|---|-----------|
| STELLENBOSCH COMMUNITY | Why did the Boland District Municipality have to change its name? | 6 |
| | It is alarming that large parts of Franschoek and parts of Stellenbosch agricultural land are being used for developments of resorts. Appeals that we are serious to keep the Winelands a winelands. | 5 |
| | WARD 11 | |
| | The Ward Councillor has not held a meeting and the municipality is not assisting in this respect. | 6 |
| | People die at an alarming rate for all kinds of reasons. | 3 |
| | Cleaning of the environment a problem – bad smells | 5 |
| | WARD 12 | |
| | There is a tendency in the ward to let us fail because of a lack of integration - there is no participation and involvement from the citizens. The Programme of the local municipality does not promote interaction | 6 |
| | What are the two municipalities' prospects for their respective IDP's? | 6 |
| | There should be a balance between nature and humans – we cannot keep on developing (Can we not budget for the environment as well?) | 5 |
| | How will political leaders stop infrastructural development and influx to the Western Cape and the area? | 5 |
| | Very happy that the ward system has been adopted as more women could be invited in an effort to do something for women. | 6 |
| | Thank you to the Cape Winelands District Municipality for their assistance to women. | 6 |
| | Cloetesville has an unclean environment. | 3 |
| DRAKENSTEIN | Did not see any mention of the issue of HIV/AIDS | 3 |
| | One of the biggest deliverables procurement – just concerned that municipalities are still reviewing policies | 6 |
| | BEE in wine industry less 0,1% - how does the municipalities address land reform? | 1 |
| | When is the land audit going to be completed, plans for evictions, strategy to accommodate those farm worker evicted | 3 |
| | Empowerment(procurement) – aware of CWDM has joined up with City of Cape Town and moving towards scorecard approach for procurement (Drakenstein lagging behind – will they follow the same approach?) | 6 |
| | | |

PUBLIC PARTICIPATION PROCESS 2004

| STAKEHOLDER | ISSUE | OBJECTIVE |
|---|--|-----------------------------------|
| DAKENST. BUS. | Paying of regional taxes/RSC levies) – is it correct to pay regional taxes as well as RSC levies? | 6 |
| | Local government must challenge the legality of the long leases | 6 |
| STELLENBOSCH BUSINESS | Does the CWDM have comparative performance management indicators that can be measured against the performance of other municipalities and business. | 6 |
| | Farmers are concerned about paying rates to the local municipalities as well as levies to the CWDM and would like to know if they will get anything back as it has happened in the past. | 6 |
| | People fear that there is an overlapping of functions between the local and district municipality. | 6 |
| | Funds are needed for safety and security on farms. | 4 |
| | Why should farmers pay the same levy as companies, like Woolworths when farmers provide housing to their employees and other companies do not | 6 |
| | PROV. AND NAT. DEPARTMENT | Department of Land Affairs |
| Explained that their key focus is district service delivery with the purpose being alignment. The two offices in Worcester and Stellenbosch were intended to cover the vastness of the CWDM. Services included, amongst others, the District Assessment Committee, land reform, rural development and tenure. | | |
| Department of Agriculture | | |
| Farmer Support and Development Directorate. An important development mentioned is the employment of 13 people to service the district and facilitate the decentralization process up to Touws River. Also involved in the roll-out is the employment of community workers and agricultural development officers. A central focus is food security, while the overarching strategy is the BEE/ Black Economic Empowerment Framework. | | |
| Department of Education | | |
| Regional Circuit Manager in the Stellenbosch District explains that two of the seven Education Management Development Centres are located in Paarl and Worcester. The housing backlog of 45 000 has implications for classroom shortages in an area such as Paarl. Capital is a major problem. | | |
| | | |
| | | |

PUBLIC PARTICIPATION PROCESS 2004

| STAKEHOLDER | ISSUE | OBJECTIVE |
|-----------------------------------|---|-----------|
| PROV. AND NAT. DEPARTMENTS | Alternative arrangements in respect of the accommodation dilemma might imply moving learners elsewhere, but that would mean traveling longer distances from home and safety considerations. | |
| | In the case of Kayamandi, Stellenbosch the shortage of classrooms and the R44 present problems. In his view the solution lies in transformation and interaction which implies whole school development. In the case of transport there is a need to re-look the transport policy catering only for learners living further away than 5km. | |
| | In terms of IT (Information Technology) it is the vision of the WCED to have all schools on-line. The WCED runs the Safe Schools Programme, envisages expanding the feeding scheme to high schools and the improvement of learner access to libraries. Dr Le Cordeur commends those municipalities offering scholarships to learners. | |
| | Minister Dugmore in a recent speech named Early Child Development (ECD) as a local government responsibility. Water to schools is an important matter. The case of Berg River Primary in Wellington is testimony to the fact that water affects even the School Nutrition Programme. | |
| | Water-related problems in schools are not uncommon. Kylemore Primary in Stellenbosch suffers in summer as a result of water shortages. At present the WCED has no policy in place to deal with water issues at schools. | |
| | As far as ECD is concerned it is not a priority of the WCED. Its responsibility starts from Grade 1. WCED subsidizes ECD to an amount of R30 per learner per day. His request is that local government joins hands with the WCED in tackling the issue of ECD. The Wine Trust Partnership in Stellenbosch is one such flagship example. | |
| | Mentions the driver's license programme Drakenstein has embarked on. Enquires about the progress made with integration in schools. Another pressing issue – (safety-related) is the redress needed in those instances where major roads spatially divide settlements and act as physical barriers | |

| STAKEHOLDER | ISSUE | OBJECTIVE |
|-----------------------------------|---|-----------|
| PROV. AND NAT. DEPARTMENTS | The libraries-, integration- and accommodation issues are high priorities to the WCED. | |
| | Consistent with a strategy to promote environmental health, the WCED would like to propose that the Cape Winelands consider including community farm and church schools (public schools on private property) in the Human Development: Environmental Health Project (Safety control in respect of drinking water and final sewage outflow) of its IDP. | |
| | This would ensure that the quality of the drinking water, final sewage outflow, water safety and availability (boreholes), and ablution facilities (including pit-toilet systems) at these schools are regularly monitored. | |
| | Department of Home Affairs | |
| | Highlights the problems related to identity documents and the impact of in-migration on the need for birth certificates and identity documents amongst rural migrants. | |
| | Points out the problems experienced when the children of rural migrants are orphaned and have to access child grants. | |
| | Mentions that the CWDM interactions with the Dept of Home Affairs have been relatively successful and has impacted on greater grants access. The appeal is to other departments to follow suit and reflect on the impact of identity documents on the elections. | |
| | Department of Local Government | |
| | Elaborates on the department's contribution. See Addendum " " for the breakdown of their budget. | |
| | Department of the Premier | |
| | Strategies need to be aligned to lead to the realization of the Premier's vision of " A Home For All". | |
| | Mentions the restructuring of the Premier's Department to fit into the new paradigm. He is tasked with the development of Development Indicators for the province. Evidence suggests that the province has steadily declined in terms of development indicators. A pattern of unspent funding became evident and treasury is currently re-looking matters | |

| STAKEHOLDER | ISSUE | OBJECTIVE |
|--|---|-----------|
| BREEDE VALLEY BUSINESS | Thank you for the changes in town – there are new vehicles, cleaner streets, services are rendered and jobs are created. | |
| | We have now entered our Tenth year of democracy and in the last five years there can be no excuses that jobs are not allotted fairly and procurement procedures are not adhered to (the same people get business). Cape Winelands District Municipality allotted tenders a few years back for cables, etc. but no other jobs since. The same situation has prevailed at the Breede Valley Municipality. | 6 |
| | The officials who must implement the decisions of Council may be the problem. | 6 |
| | Small business struggles to access finance. ABSA still has not transformed (whites still dominate). | 6 |
| | Transport: Look into the possibility of establishing Regional offices (Service Taxi Associations), for all the rural areas. | 4 |
| | Paarl and Stellenbosch cannot be compared to the Worcester Community as they are practically a suburb of Cape town. | |
| | Tax increases leave business in bad financial condition. | 6 |
| | Suggests that the town be made tourist friendly and that the municipality have a look at access roads. | 1 |
| | Sanitation services – standards for business to comply with international requirements. | 2 |
| | Requests one tourism office in Worcester. | 1 |
| | Robertson access road will have to be cleaned up to attract tourists. | 3 |
| | Tax demands affect the businesses negatively and in turn affect poor people. | 6 |
| | Suggests that more pressure be put on banks to create an environment for business people to access finance and credit. | 6 |
| | From own experience it is very hard for a black business woman to get access to funding. Applaud the CWDM for supporting black business. | 6 |
| | The business ran into serious trouble last year and requested assistance with the rates and levies, but received no response to the request. (HEXTEX) | 6 |
| Urges that the established business also be supported. | 1 | |

| BREDE VALLEY BUSINESS | Business on wheels, transports poorest people in the communities (roads in Avian Park are in a bad state and damage the vehicles) – Requests CWDM to assist the local municipality with the roads. | 2 |
| | Transport of tourists from Cape Town International and elsewhere – local taxis should be considered. | 1 |
| | Business must cooperate regardless of race. | 1 |
| | Tenders from private companies are not procured in the same manner as government institutions (requests that the municipalities look into how to ensure that the private companies can also abide to the same requirements of government). | 6 |
| | There is no serviced plot in the industrial area of Worcester | 5 |
| | Movement of vehicles in our town (look at particular routes for heavier vehicles). | 4 |
| | Extends (on behalf of Worcester Business Council) an appeal to consolidate the businesses in one structure. | 6 |
| | Favourable tariff structure | 6 |
| | Bigger industries (some industries cheaper) | 1 |
| | Infrastructure – access of heavy vehicles to industrial area | 2 |
| | Expand access roads in High Street to prevent traffic jams | 2 |
| | Central town parking limited | 2 |
| | Signs to make town visitor friendly, as well as condition of roads | 2 |
| | Standard of pavements and | 2 |
| | Robertson/Villiersdorp access to towns (squatters) | 2 |
| | Municipal sanitation services | 2 |
| | Thank you for these opportunities | |
| | Please look at equitable allocation of services | 2 |
| | Need Tourism sector to work with us, not ignoring the role we can play in marketing the sector | 1 |
| | Why can the Municipality not use the radio station to give the community reports of development in Worcester | 6 |
| Refer business to Valley FM | 6 | |
| Two or three big factories to be set up in Worcester to reduce unemployment and give them good incentives to make them worth their while | 1 | |
